

Asp.Net - Compare Validator

ASP Source:

```
<html>
<body>
<form runat="server">
<table border="0" bgcolor="#b0c4de">
<tr valign="top">
<td colspan="4"><h4>Compare two values</h4></td>
</tr>
<tr valign="top">
<td><asp:TextBox id="txt1" runat="server" /></td>
<td> = </td>
<td><asp:TextBox id="txt2" runat="server" /></td>
<td><asp:Button Text="Validate" runat="server" /></td>
</tr>
</table>
<br />
<asp:CompareValidator
id="compval"
Display="dynamic"
ControlToValidate="txt1"
ControlToCompare="txt2"
ForeColor="red"
BackColor="yellow"
Type="String"
EnableClientScript="false"
Text="Validation Failed!"
runat="server" />
</form>
</body>
</html>
```

Output Result

The screenshot shows a web form titled "Compare two values" with a light blue header. Below the header, there are two text input fields separated by an equals sign (=). To the right of the second input field is a button labeled "Validate". The entire form is enclosed in a thin black border.
