

Move Pick Tool

Pick Tool is one of the most important tools used in Corel DRAW for selection and for editing of the graphic.

Step 1- Open Corel DRAW. Select Rectangle Tool from the toolbox (marked with red circle).

Step 2- Draw rectangle. Once you draw it, it is selected by default.

Step 3- Now select Pick Tool (marked with green circle).

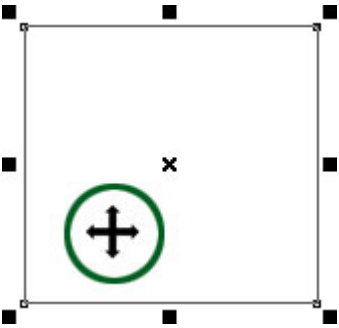

Step 4- Click anywhere outside the rectangle. It will get deselected.

Step 5-Click on the like of the rectangle. It will get selected.

Step 6-Click on the like of the rectangle. It will get selected.

Step 7-Press and drag the mouse button to move the rectangle
